VOLUME 31, NUMBER 20 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | WEDNESDAY, FEB. 7, 1934

Current Comment

They may not realize it, but adherents of the proposed new county charter received a tremendous set back this week when Alonzo Baker of the Pacific Press, Mt. View, aligned himself on the side of the opposition.

Mr. Baker, a powerful and much sought-after speaker, may be depended upon to present arguments for the present form of county government in a dignified and convincing manner, quite different from the theatrics employed by the pro-charter group. He has a huge following of people who respect his judgement; he has no axe to grind; he is a dangerous opponent to any cause he cannot honestly endorse.

On the other hand we view the Mercury-Herald's concentrated attack on the Citizens' protective league, launched under the banner of "Facts About the Charter." In the series of articles so titled, the writer sees fit to employ ridicule of the most childish sort. And for an eminent metropolitan daily to salt its arguments with ridicule is indeed folly. Murder trials in the second section—old fashioned raspberries on the front page.

I would rather an argument were couched in terms of the choicest Billings-gate; more effective, I think.

And while it matters little with me which way the charter election goes I don't believe I'd urge anybody to burst a blood vessel trying to force the good points of the proposed measure past the public's teeth. There seems to be little doubt but that Santa Clara county is economically governed. Taxes are lower here than they are in many other counties within the state, and nearly everyone I have talked to is satisfied to continue under the present system, rather than put the county to the hazard of an experiment.

Both factions urge voters to study their arguments pro and con. I recomend that, too.

In the meantime, they're raising hell in Europe. A cartoon in the San Jose News of Feb. 3 was rather good. Depicting Mars with his arm about an old lady labeled "Dame Rumor," its caption, "A Man's Best Friend Is His Mother," is particularly apt.

Enough talk, threats, rolling of drums, and the quivering of the youthful spine, all calculated to come to a head at the psychological moment. Then it's all over but the shooting.

I trust all you folks looked the group of war pictures in Sunday's Examiner. Any of you who still harbour a martial spirit should observe this collection closely. There is one picture of a man the lower half of whose face is a bloody wreck. His jaw was shot completely away. In event of war, that might be the lot of one of your menfolks.

It seems to me that we of the United States are falling down on the job in respect to the anti-war campaign. We read of disturbances all over the world, talk half-heartedly of preparedness, and do practically nothing toward crusading against the evils of lethal combat.

In the public schools eulogies to martial heroes of the past should be liberally sprinkled with a thorough understanding of war—its causes and effects.

But then, perhaps a state of complete civilization will not be achieved until the human race is wiped off the face of the earth. What do you think?

C.C. ELECTS HARRY SMITH PRESIDENT; CHANGE MEET DATE

President H. M. Shadle presided at the monthly meeting of the chamber of commerce last evening.

S. N. Hedegard reported for the road committee, stating that the county consolidated had endorsed and would aid in the extension of West Campbell avenue.

The chamber voted to hold future regular meetings on the third Monday of each month, thereby avoiding conflicts with other meetings in the community.

This being the annual election date, the nominating committee, composed of Dr. W. I. Merrill, C. H. Whitman, and I. R. Abbott, reported its candidates. There being no other nominations, H. C. Smith was elected president, and Dan A. Yeager secretary. The board of directors chosen includes H. E. Hansen, G. E. Farley, I. R. Abbott, Dr. W. I. Merrill and H. M. Shadle. The board in session elected S. N. Hedegard vice president.

Plans for the annual celebration of Old Settlers' day were reported to be progressing satisfactorily.

L. D. Bohnett For, Prof. Cottrell Against New County Charter

At a meeting held in the grammar school auditorium Friday evening, the proposed county charter was discussed by Professor Cottrell of Stanford University, and Attorney L. D. Bohnett of San Jose. Unfortunately the meeting was very poorly attended considering the great importance of the issue. Professor Cottrell, a proponent of the charter, and one who did a great deal toward its drafting, spoke in explanation of its various ramifications, stressing the necessity of economy and efficiency in present governmental endeavors. He pointed out certain weaknesses which to him would be corrected if a charter form of government was adopted.

Mr. Bohnett followed Mr. Cottrell with a discussion in which he showed what to him were the weak points of the charter and how it would actually cost more to operate than the present government. He also explained why many citizens of the county would not have the privilege of being represented on the first committees, inasmuch as many are not in high school districts. He also brought out the fact that in his opinion it is a grave mistake to bring the high school trustees into the picture—putting them on the spot, as it were.

In rebuttal Mr. Cottrell admitted that the freeholders had forgotten that several of the elementary school districts were not in high school districts and would therefore have no direct representation. He regretted this fact.

Dalton Riggs of Chicago and Herbert Fischer of Enid, Okla., were week-end house guests of their old time friends, Mr. and Mrs. Louis Shelley of San Jose Los Gatos road.

Water Conservation District To Proceed On Page Dam Job

At a meeting of the directors of the Santa Clara County Water Conservation district Tuesday afternoon George Page appeared with his attorney, C. B. Wooster, and delivered the deed which had been signed jointly by himself and the Southern Pacific company. This deed grants the district a permanent right of way at Casey road on which the district is to construct a reinforced concrete dam.

Plans for the structure were prepared by Fred H. Tibbetts, district engineer, and approved by the directors last November.

The district directors empowered Tibbetts to proceed with the construction of the dam at once, the entire work to be under his supervision. He is to employ C. W. A. labor on the job, and it is expected that work will start this week. The rate of progress will be determined by the weather and the number of C. W. A. workers available.

One of the rules of the civil works administration provides "that no work shall be done upon private property, and if a minor portion of the work is necessarily so carried out for the benefit of the entire project, legal easement shall be furnished to hold the federal government free of any claims and so that title to work done shall remain in the district."

Footlights Shine On "Stray Cats" Thursday Night

"Stray Cats," Campbell High School Alumnae association's three-act comedy, postponed from Saturday evening, Jan. 27, will be given Thursday evening, Feb. 8, in the grammar school auditorium under the direction of Mrs. Weyland R. Morgan.

The comedy is, in the opinion of those connected with its production, is one of the best ever attempted by a local cast. A brief review of the plot will convince those who are to see it that it really is as good as has been reported.

An eccentric, rich lady died, leaving an estate valued at four million dollars which shall go to whichever one of her three nephews—Tom, Dick, or Harry Skinner—is married by midnight of Jan. 27. The will is not found until late that same morning, and all three of the Skiner cousins are single. The mad scramble that follows in the first two acts by all three of the cousins in attempting to find a wife in order that one of them might win the money, produces many amusing situations. It seems that if none of the cousins are married by that certain date, the entire estate shall go to provide a home for stray cats.

The high lights of the play are the office girl's apparent infatuation for one of the cousins, the photographer cousin's mad scramble to secure the money, the country cousin's memorized proposal to every girl he meets, the country cousin's cocky air of self-satisfac-

(Continued on Page 3)

Kiwanians Entertain County Consolidated At Noon Luncheon

Santa Clara County Consolidated Chambers of Commerce met with Campbell Kiwanis club Tuesday noon with President Wendell Thomas in charge. Before the business was taken up, President Shadle of the local chamber of commerce introduced the musical part of the program. Hugh Cramer and Mabel Matteson sang a duet of the coming high school operetta, accompanied by Jeanette Wellington at the piano.

Francis Smith and Mona Keesling gave a flute duet which was very well received. Both these numbers were perfected in the music department directed by A. A. Thielke.

The consolidated voted to support various road projects of the county, and particularly the fight by Campbell to secure the extension of Campbell avenue west.

The matter of publicity for various community celebrations of the county was discussed, and it was decided that this would be handled through the consolidated office. Publicity chairman is Sewell Brown of Los Gatos, and the highway chairman is Colonel Wessels of Saratoga.

The next meeting of the consolidated will be held at Saratoga.

Further entertainment was provided when a part of the Old Settlers' day evening entertainment was given by grammar school youngsters under the direction of Miss Adele Grandeman, writer and director of the fairy play, "Silver Heels." This performance will be the principal feature of the program on the night of Feb. 22.

Mrs. Mattie Ungerer Tells Local Club Of Veterans' Needs

Mrs. Mattie I. Ungerer, district chairman of the department of cooperation with disabled war veterans was the guest speaker at Monday's meeting of the Country Woman's club. She explained the scope of the work carried on in connection with the national and state hospitals and the great need of such cooperation, more especially for the non-compensated patients. Mrs. Ungerer has been connected in this field for many years and takes a personal motherly interest in the "boys."

She was accompanied her by Mrs. Barnard, a past president of the Palo Alto Woman's club, and they had brought an interesting assortment of handicraft work done by the veterans. This is part of the effort toward rehabilitation conducted by the doctors for wherever possible interest in some line of work is aroused and encouraged.

Mrs. W. W. Sibley and Mrs. Elizabeth Duncan were in charge of the program, and preceding Mrs. Ungerer's talk, Mrs. Sibley presented Mrs. Donald Page, a former member of the club, who sang three charming numbers: "I Am Thy Harp," Woodman; "Now Sleeps the Crimson Petal," Quilter, and "Twilight," Glen, with Miss Bozena Kalas as her accompanist.

The program was closed with the assembly singing "America the Beautiful," led by Mrs. R. H. Hyde, with Mrs. D. H. Cramer accompanying.

During the business meeting an invitation was read, asking the club members to be guests of "We and Our Neighbors" club Saturday afternoon, Feb. 17, at 2:30 o'clock. Other neighboring clubs are being entertained at the same time. If possible those who can accept this invitation will please notify the president, Mrs. H. C. Smith, so that the hostess club may be informed of the approximate number.

Mrs. Smith read Edwin Markham's poem, "Lincoln, the Man of the People," as a tribute to that president whose birthday anniversary will be generally commemorated next Monday.

Very attractive bouquets of torch lilies decorated the room, and national flags were prominently displayed.

The program committee announced that Prof. Sam Harby of the Montezuma school will speak at the meeting of March 5. His Topic will be on Russia, and an invitation is extended to the public, both men and women, to hear him.

ALONZO L. BAKER TO SPEAK AGAINST THE NEW CHARTER

Alonzo L. Baker, official of the Pacific Press at Mountain View, keen student of government and speaker of extraordinary ability, has entered the campaign in opposition to the proposed charter for the county of Santa Clara, which will be balloted Feb. 20.

Mr. Baker's first address in behalf of the campaign will be at Los Gatos Thursday evening, Feb. 8, in the grammar school auditorium at 8 o'clock.

Believing the adoption of the charter would vastly increase the expense of running the county government and also increase political confusion, Mr. Baker declared in announcing his stand, that he would do whatever was in his power to defeat the charter.

Mr. Baker will speak, also, in Masonic hall at Palo Alto on the evening of Feb. 13, at 8 o'clock, and in San Jose high schol auditorium Wednesday, Feb. 14, at 8 o'clock p. m.

LOCAL GIRL SINGS IN CAPELLO CHOIR

Miss Muriel Crothers sang this evening with the A Capello choir of San Jose State college which gave its final performance in San Jose before leaving on a tour of the southern part of the state. They will be the guests of glee clubs and colleges in Santa Barbara and in the San Joaquin valley.

Miss Crothers will accompany the choir on this tour. Miss Annette Merrill is also a member of the choir, but is unable to be with them this school term because the concentrated practice teaching which she is doing will not permit a leave of absence.

Group No. 3 of Congregational guild meets Thursday afternoon at the home of Mrs. S. N. Hedegard.

GRAMMAR P. T. A. ENJOYS FOUNDERS' DAY PROGRAM

Founders day was observed Tuesday afternon by the local grammar school P. T. A. in the auditorium of the school house.

The program included musical numbers by Junior DeVaughn and Paul Farnum, and an address by Mrs. Luther Wool, president of the San Jose Rural P. T. A. council.

Following the program and a business meeting, at which a large number of parents, teachers, and intersted friends were present, the group adjourned to the cafeteria where a birthday cake candle ceremony was held, and where refreshments were served by Mrs. Davidson and Miss Jasper, and the mothers of their pupils.

Present were the following past presidents of the local organization: Mrs. Harry C. Smith, Mrs. Andrew Johnson, Mrs. Claire Davidson, Mrs. A. D. Rice, Mrs. S. N. Hedegard, and Mrs. Calvin Bohnett.

Mrs. C. E. Williams, president, presided over the meeting, and the following ladies comprised the committee in charge of the afternonn: Mrs. W. W. Lester and Mrs. J. H. DeVaughn.

CAMPBELL QUINTS BEAT LIVE OAK

One of the hottest exchanges of the current basketball season took place here Friday night when Campbell took on the boys from Live Oak. Practically all the excitement occurred in the 130-pound tilt, the score remaining tied up until the final half, when Campbell forged ahead to a 17-12 victory.

Representing the squad were Condensa, who accounted for 7 points; Bloom, 6; Frank, 2; Lovoi, 1; Brydon, 1; Lear, 0; Mattusch, 0;

The unlimited tussle was by comparison a drab affair. Hard up for forwards, Coach Noddin sent in Tom Farley, this year's center on the 120 team. Against heavy guarding he was able to account for two field goals, and will probably become a regular member of the unlimited squad.

Cook totaled 24 of the 37 points which far outdistanced Live Oak's 9; Person tallied 8; Marlais, 1; Knopf, Fellman, Brooks, and Hocking, 0.

This Friday night's games will be held here with Mountain View.

ORCHARD CITY CLUB LOSES TO McKINLEY

By Hal DeFraga

Sunday's ball game was a disastrous affair for Campbell, the local club losing to McKinley by a score of 6-16. It was anybody's game until the ninth frame when in their half the visitors chalked up 9 runs.

Quain opened on the mound for Campbell, and his three-weeks' layoff had apparently done him no good. He was unable to locate the plate, and McKinley got two runs in the second without the aid of a base hit. Questionable decisions by the base umpire were involved, however.

Bishop, second base, was moved onto the mound where he pitched good ball, relieved in the ninth by Pura.

Walsh, hurling for McKinley, was hit frequently, and the Campbell boys played even up with the visitors for eight innings.

New men tried out in this game were Grey, short stop, who got two for four; Silberbauer, left field, three for three, and Pura, center field, who got three free passes to first.

Next Sunday's game will be played here with the ever-popular Napredak club, whose team has furnished much interesting competition for the Campbell aggregation.

Mrs. R. H. Knappen left Thursday afternoon for Moorhead, Minn., where she was summoned by the serious illness of her mother, Mrs. George Forrest, who was a recent visitor in Campbell. Mrs. Knappen was unable to reach her mother before she passed away Saturday morning.

Mr. and Mrs. Edwin Parker of Crockett will visit Mrs. Parker's mother, Mrs. Elizabeth Duncan, this week-end. Mrs. Duncan's son John of Monterey visited her last week-end, and her daughter, Mrs. Frank Mendel, and children, visited her Tuesday.

FUNERAL SATURDAY FOR MISS F. INGLES

The Rev. C. E. Irons officiated at funeral services Saturday afternoon at the Roger Darling chapel for Miss Frances Ingles, 89, who passed away at her home here last Wednesday.

She was the daughter of the late Andrew and Susan Ingles, born at Millersburg, Ohio, in August 1845. Coming to California in 1887, she lived for a time in Alameda before settling in Campbell where she first took up her abode with Miss Rebecca McCaughey, with whom she lived until Miss McCaughey died in 1907. Miss Ingles then lived with Mrs. Benjamin Campbell, Sr. until her dath in 1913, and since that time had lived in her own home on South Second street.

She spent her life in faithful service to others, and her unassuming and gentle nature endeared her to her many friends.

Mr. and Mrs. Frank H. Cutting attended the annual exhibit of the Santa Cruz Art league in Santa Cruz Tuesday. Mr. Cutting exhibited one of his paintings, "The Old Barn." Otis Hyde exhibited two water colers, "The Creek," and "Los Gatos."

Group No. 2 of the Congregational guild will meet Thursday, Feb. 15, with Mrs. A. M. Standish. Mrs. Stanley Smith will be cohostess.

Recent guests of Mr. and Mrs. A. H. Taylor of Johnson avenue were Mr. and Mrs. C. W. Phinney and daughters Minta and Mabell of Palm City. Both families were former residents of the Boise valley, Idaho.

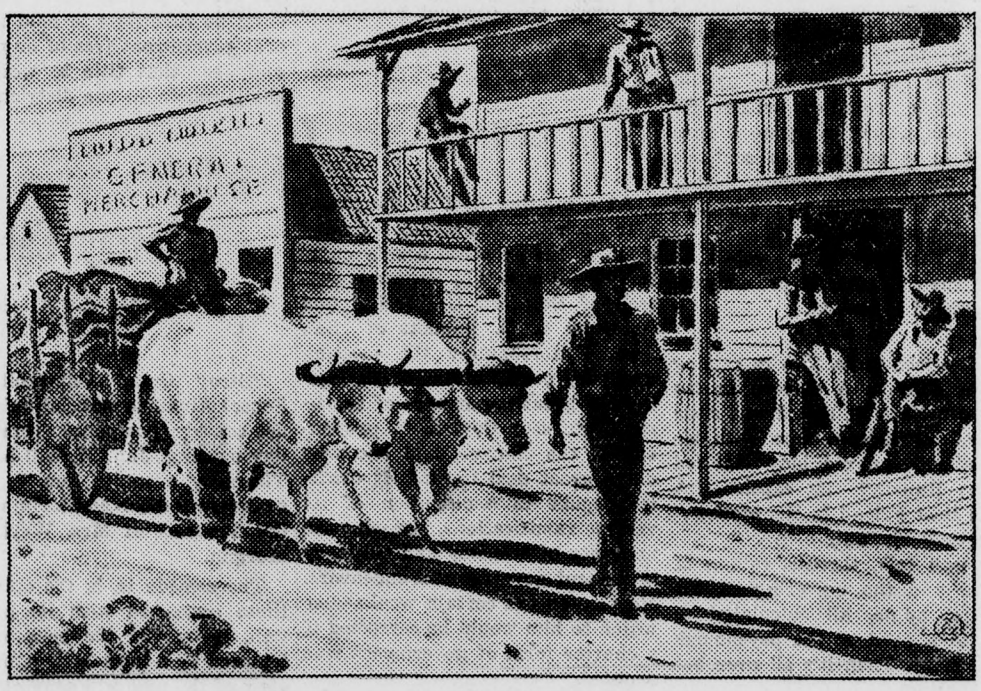
1854 AMERICAN TRUST COMPANY 1934

80th Anniversary Year

80 YEARS OF SOUND BANKING COUPLED WITH THE CONVENIENCE OF MODERN BRANCH SERVICE



LEATHER MONEY IN OLD CALIFORNIA...

YEARS after California became part of the United States, many of the Spanish rancheros continued to use their old medium of exchange... hides.

These were accepted by the country merchants as the equivalent of about one dollar each. And as the rancheros bought velvets and silks as well as groceries, it was not uncommon for a thousand head of cattle to be slaughtered to pay a store bill.

In 1854, when this bank was founded, "leather money" was still used. Today California pays by check. And over a wide area this businesslike practice is made doubly convenient by the American Trust Company's modern branch facilities.

There is a branch of this 80-year old bank near you. Visit it today, and learn the advantages of having metropolitan banking service within your easy reach.

NOTICE OF TRUSTEE'S SALE
No. 1058

On Monday, the 5th day of March, 1934, at 2:05 o'clock P. M. at the front door of the County Court House in the City of San Jose, County of Santa Clara, State of California, SAN JOSE ABSTRACT & TITLE INSURANCE CO., a corporation, Trustee will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described real property, situate in the County of Santa Clara, State of California, and bounded and described as follows:

Beginning at a stake marked "A" being the common corner for Lots 1 and 2 of the segregation of the Estate of N. H. Hicks, deceased, in part of Sections 25 and 26 T.7 S.R.1 E. Mt. Diablo Meridian, said corner standing in the center line of the Meridian Road at a point distant South 7.99 chs. from the quarter section corner in the East line of Section 25 T.7 S.R.1W. and from which stake a 4x4 redwood witness post marked "W.P. A." standing in the West line of said Meridian Road bears S. 89 degrees 51 minutes W. 50 lks. and running thence along the line between the aforesaid Lots Nos. 1 and 2 S. 89 degrees 51 minutes W. 20.04 chs. to a stake marked "L" standing in the West line of the East half of the Southeast quarter of said Section 25 and being Southwest corner of said Lot No. 1 and the Northwest corner of said Lot No. 2 thence along the West line of said Lot 2 South 3.705 chs. thence parallel to the first course N. 89 degrees 51 minutes E. 20.04 chs. to the point in the aforesaid center line of said Meridian Road and thence along said center line of said Road North 3.705 chs. to the place of beginning, containing 7.425 acres of land and being the Northern 7.425 acres of the aforesaid Lot. No. 2 of the segregation of said Estate of N. H. Hicks as surveyed by Herrmann Bros. Surveyors and C. E. in the East half of the Southeast one-quarter of Section 25 T.7 S.R.1 W as shown on the Map of said segregation as recorded in Book A of maps, page 29, records of Santa Clara County, Courses true. Var. 17 degrees E.

Said sale will be made to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain Deed of Trust executed by Joseph Swain, a widower as Trustor to San Jose Abstract & Title Insurance Co., a corporation, as Trustee, for the benefit and security of Manuel C. Corcel and Mary P. Corcel, his wife, dated May 22, 1929 and recorded May 23, 1929 in Volume 466 of Official Records, page 122, Santa Clara County Records.

Notice of breach of said obligations and election to sell said real property was recorded in the office of the County Recorder of said County on November 3, 1933 in Volume 659 of Official Records, page 593. This notice is given in compliance with the written application heretofore made on the trustee by said beneficiaries. Said breach of said obligations consists of failure to pay both principal and interest due thereon and said breach has continued until and including the date of this Notice.

Dated: February 7, 1934.

About That Charter!

Did You Know THAT:

The proposed county charter will increase taxes.

It provides for new and expensive offices.

It takes from the people the right to elect the Superintendent of Schools, Assessor, Tax Collector, Coroner, County Clerk, Treasurer, County Surveyor.

It makes the above offices appointive and divides responsibility for their appointment so the voter can hold no one accountable.

It provides for the appointment of the important Personnel Commission by trustees of high school disricts.

There are twenty-six school districts which are in no high school district.

Residents of the twenty-six school districts referred to have neither direct nor indirect representation on this board.

This is admitted by charter sponsors to have been a blunder.

The county executive under whose supervision large county expenditures are made is the Auditor.

He will be called upon to pass judgment upon the validity of bills which he has authorized.

This is another blunder.

It puts our county schools in politics.

It provides for the appointment of the Superintendent of Schools by a politically appointed Board of Education.

It makes the tenure of the Superintendent of Schools at the "pleasure of the Board."

The Superintendent of Schools would be subject to political pressure during every minute of his employment.

Santa Clara County has home rule at the present time.

By an amendment to the State Constitution adopted last year the Board of Supervisors can fix the salaries of County officers and employees.

As soon as that amendment was passed the Board substantially reduced all salaries except those of the lowest paid employees.

Santa Clara County is economically governed.

This county has one of the lowest tax rates in the State and a lower rate than any charter governed county.

It has had no bond issue since 1906.

There are 140,000 in unpaid bonds and the county holds over $200,000 of State and Federal bonds.

San Mateo County hired a professor to show them how to make a charter.

The charter was adopted but the Supreme Court held it was unconstitutional in its most important feature.

San Mateo County is now engaged in strife and turmoil as a result of this charter and this decision.

The same professor who advised the San Mateo freeholders was the advisor of the Santa Clara County freeholders.

The argument that the proposed charter, even if faulty, should be adopted with a view to future amendment, is unsound.

The operation of a county under a faulty organic law is expensive and confusing.

The present form of county organization has been built upon experience.

Citizens should be very certain that they are obtaining something better before abandoning it.

PUNDITA CIRCLE GUESTS OF MRS. R. Y. MAXON

Mrs. R. Y. Maxon was hostess at the last meeting of Pundita circle held Wednesday at her home on Sunny Oaks evenue.

Featured on the entertainment program were Mrs. Allegra Wood and Mrs. Anne Schulte. hTe former gave a review on "Reminiscences of the Dramatists I Have known," and the latter a talk on the life and work of Miss Eva Le Gallienne, noted director of the Repertory theater of New York.

The business meeting was presided over by the president, Mrs. D. H. Cramer, and group singing was conducted by Mrs. L. J. Carboni.

Mrs. Maxon was assisted by her sister, Miss Mary Candee, in serving dainty refreshments. Yellow and white was the color scheme carried out in the decorations of lovely spring flowers.

KGO BROADCASTS WORK OF LOCAL PLAYWRIGHT

A play "Cattle Rustlers," a melodrama of the west, which has been announced for broadcast this Friday evening on the "First Nighters" program at 7 o'clock over KGO, is another written by Richard Shelley, local playwright.

Recently one of his plays, which had been announced for broadcast under one title, was presented under another name, which was very confusing to many who had tuned in especially because of their personal interest in the writer or his family.

Dr. Harold Cramer, Interne at the San Francisco county hospital, will visit Sunday with his parents, Mr. and Mrs. D. H. Cramer.

● You've heard and we've heard a lot of tire claims but here are facts straight from Akron: The Goodyear people have completed more than 8,400 stopping tests on automatically-braked cars equipped with various makes of tires both new and worn. By accurate measurements on wet slippery pavement, smooth tires slide 77% farther than new Goodyear All-Weathers—and other new non-skid tires slide 14% to 19% farther than the Goodyears. These figures check with the experience of our Goodyear customers and ourselves. How safe are your tires today?

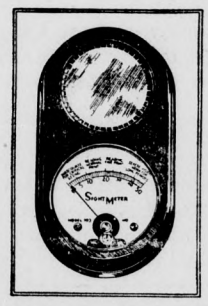
TESTED LIGHT for BETTER SIGHT



EVERY SECOND after the lights are turned on in your house your eyes are busy. Each pair of eyes in your household is likewise busy. How hard these eyes have to work because of poor light, or how soon eye strain will mean the first or another pair of glasses for some member of your family, you have no means of knowing. How much harm is being done by the wrong kind of light, bare light that causes glare, you may only feel because eyes begin to hurt or headaches start.

Now the lighting in your home can be tested scientifically by the Sight Meter. By means of this delicate instrument the proper light can be prescribed for your eyes and the work they have to do in your home.

Ask to have a representative of this company call. He will bring with him the scientific new Sight Meter. To give your home Tested Light for Better Sight, he will do this:

He will place the Sight Meter on the newspaper or magazine page you are reading. Then he may say this: "You have too much direct light on the white paper. It produces glare. The light is too bright." Again he may test the light by a desk where children study. Here is shadow. Here is not enough light. Eye strain is being caused here.

Every place in every room where Tested Light can bring Better Sight will be tested in the same careful manner. To have scientifically better lighting in your home, fill out the coupon below and mail it today.
